GROUP MENTORING

Family relationships aren't simple!
We all need a bit of support on the
journey of parenting and family life.

Group Mentoring provides friendship, good food and a chance to share what life is like together.

This is a time to hear ideas from others, as well as input and useful tips from our Families Course trainers. Whether or not you're a parent, grandparent or carer, and whether you currently have children in your care or not, you will find suggestions and encouragement to help along the way.
